I am an older woman dating a guy who is 10 years younger than me. We mate through AgeGapMeet website which is found in [www.olderwomendatingsites.org](http://www.olderwomendatingsites.org) We have mixed reviews from people on our relationship. Most people accept it and have no problem with it. Some people however, are extremely hateful. We were very good friends for a while before we got together, now we have been a couple for 2 years. I dont really care if people like it or not, we are so compatible, and enjoy every minute together. Just wonder how other people view it. People who want to meet their Ideal Partner I stronglyyyyyy recommend to you please try this...!!
