This is a post for the guys. I just wanted to ask Ya'll these questions :

How important is sex in a relationship for you?

How often if you are in a relationship do you typically have sex with your girl?

What are some things that you love for your girl to do with you either in bed or out of bed that

PS: I'm a Latina woman, and just was curious: do guys like when their girls speak Spanish to them in bed? What about it turns you on or off ?
